A-338 Sept. 12, 1952

The Department has been asked whether it can insure delivery of CARE parcels and similar gift packages to prisoners held at Spandau, Landsberg, and Werl.

(S) The Department would appreciate receiving word concerning the pertinent regulations now in effect there and at Landsberg, in order to make an informed reply. Since the prison at Werl is under British authority, it does not have to be included in the Department's answer, but the corresponding information concerning Werl should also be forwarded if it is readily available.
